

Community Alliance for Global Justice
Join our Fund for the Future Champions
to sustain CAGJ for the next 10 years!
Campaign Goal: \$100,000

Judy Pigott: \$10,000

"I support CAGJ because I believe that everyone must have a safe place to sleep every night, a reason to wake up each morning, and a healthy earth on which to wake up. CAGJ works collaboratively to see that these happen: safety through food to eat, hope for the future based on just principles applied throughout the world, and collaborative work for a healthy planet. Please join us by donating to an organization that, together with others, can make needed policy changes happen!"

Teresa Mares: \$25 Monthly Sustainer

"I support CAGJ as a monthly sustainer because I stand behind their commitment to organizing at the grassroots level to connect local and global justice."

Allan & Jane Paulson: \$10,000

"Nothing is more essential than food for health, learning, and the creation of economic and gender equity. CAGJ has earned our trust and admiration through its determined, effective organizing for a just and sustainable food system. We need to ensure that CAGJ has the resources to continue to grow and amplify our voices to support food justice movements around the world."

How you can help CAGJ build our Fund for the Future!

Campaign Plan	2011 Goal	Raised as of 4/11/11!

Special Event Income	\$15,000	Stay tuned for Fall Celebration!

Goal: \$100,000 - We'll get there with your support!

Why CAGJ Needs Your Support...Goals of the Fund for the Future Giving Campaign

What you are investing in...3 Year Outcomes of the Fund for the Future Giving Campaign

1. Increase internal capacity and leadership by:

- Increasing Director salary to full-time
- Hiring a part-time administrative coordinator
- Hiring a part-time AGRA Watch conference and campaign coordinator

2. Mobilize, manage, and build our membership through a new database that will increase involvement in events, online actions and fundraisers.

3. Ensure financial sustainability by creating an annual reserve fund of \$30,000 to seed future projects.

The AGRA Watch campaign will alter the course of international philanthropy by influencing the Bill and Melinda Gates Foundation and other private and governmental funders to invest millions of dollars in sustainable agricultural development in Africa.

Increased staff capacity and online data management system will increase grassroots fundraising and organizing leading to a 40% increase in CAGJ's annual budget by 2014 and a 20% increase in active members.

Growing on 10 years of strong roots!
